

## PLAY PUTT PUTT MINI GOLF AT HOME - IT'S THAT EASY!

- 1** Find a putter golf club and a golf ball – if you don't have these play with a small ball and use your foot or a cricket bat.
- 2** Set up a course – use home objects (baskets, boxes, shoes) to mark your course.
- 3** Draw a circle or use a circle piece of paper as your hole.
- 4** Get putting, have some fun and keep score!
- 5** Increase the challenge of the course as you go along – why not let each player create a course of their own!

### SCORING:

Note down the amount of hits it takes each player to get the ball into the hole. The player with the lowest number wins!

### ADDING CHALLENGE:

Think outside the box! Why not add a ramp, play between 2 different rooms, go down some steps – the options are endless!
